

June 3rd, 2024

Greetings,

Re: Project Start – Kingsway Ave Upgrades, Phase 1

GPM Civil Contracting will soon commence the Kingsway Ave Phase 1 Upgrades Project with the City of Port Coquitlam. At this time, we would like to provide some general project and our contact information:

- The overall construction schedule is June to November 2024.
- We will start on the eastern side of the project at Kebet Way and work west towards Kelly Ave.
- Our expected work hours are Monday to Friday from 7:00 am to 7:00 pm and some Saturdays as needed from 9:00 am to 5:00 pm.
- Truck traffic, deliveries, and moving equipment should be expected in and around the site for the entirety of the project.
- Business access will be maintained throughout construction, but we will need to make special arrangements with you at times for specific driveways. This will be discussed with businesses in advance.
- There will be civil drainage upgrades occurring along Kingsway Ave that will impact traffic. Please use alternate routes when possible.
- We would appreciate an email contact from your business, please send to Brooke's email below so we can contact you further with detailed updates.

We recognize the potential impact these works may have on your daily routines. Please respect the posted construction signage and traffic control persons on-site. The safety of you, your family, and our crew is our number one priority.

Regards,

GPM Civil Contracting

If you have any construction-specific questions or concerns, please contact:
