Hand Delivered – April 3rd, 2025

CONSTRUCTION NOTICE

Re: **City of Port Coquitlam Contract No ITT 2025-01: 2025 Sanitary Sewer Upgrades**

Dear Resident,

This letter is to inform you of upcoming work we are carrying out in your neighborhood.

Prior to the upcoming sewer installation crews will be carrying out preliminary works including scoping, sawcutting, and test holes. The works will begin April 8th and last approximately 2 weeks. Traffic impacts during this time will be intermittent and periodic delays may be experienced during working hours. Residents are encouraged to take alternate routes during the course of construction, where possible. There will also be temporary no parking restrictions along adjacent streets during these hours. Garbage and recycling pick up will not be impacted, and construction crews will assist when applicable in relocating bins to the ends of the work area where they can be accessed by sanitation crews.

A separate notice will be delivered prior to the sewer installation in your area. We would like to apologize in advance for any noise or dust that may be created as a result of the project and appreciate your patience. If you have any concerns or questions regarding the work, please contact us. Thank you for your cooperation and patience.
