Dear Property Owner(s) and Resident(s):

**Re: Notice of Construction Night Works  
Sanitary Trunk Sewer Replacement (Westwood St to Kingsway Ave) - Run 1**

---

This letter is to inform you of planned night works near the intersection of Westwood St and Crabbe Ave and along Lougheed Hwy between Lancaster St and Jervis St, as shown on *Figures A and B* and denoted by the star.

The work is scheduled to take place during the evening hours of **April 14 and April 15 between 7pm and 5am**. Although this is the time that has been allocated, it is envisioned that the work will be completed within a shorter period.

The scope involves completing pre-investigation works which will require the use of construction equipment such as a hydro excavator and the like. Residents within the vicinity of the work site are informed that noise disruptions will be experienced as a result. The contractor will make every effort to minimize noise as much as possible.

Please note that further night works will be required for the sewer install portion of the project in the coming weeks. We apologize for this inconvenience in advance and thank you for your patience as we complete these works.
