Dear Property Owner(s) and Resident(s):

**RE: Dominion Sanitary Pump Station Upgrades – Avon Place North end**

The City of Port Coquitlam is excited to inform you that Dominion Sanitary Pump Station Upgrades project been awarded to Drake Excavating Ltd.

Scope of work generally includes:

- Upgrading of pump station wet well for better flow and odour control;
- Upgrading of above-ground kiosk and generator; and
- Miscellaneous site restoration works.

Due to the nature of this project and procurement lead times, the Contractor may not mobilize for several months. Once a firm schedule is established, the Contractor will provide residents notice prior to commencing work. Once mobilized, the construction will take place Monday to Friday, between 7:00 a.m. and 7:00 p.m. While every effort will be made to minimize disruption, parking restrictions will be in place within the cul-de-sac area to support construction activities and traffic control. We appreciate your patience and cooperation with construction crew members and traffic control personnel.

You may view the proposed plans by visiting [portcoquitlam.ca/capitalprojects](https://portcoquitlam.ca/capitalprojects) or by using the QR code below and search for the Dominion Sanitary Pump Station project.

For any questions and concerns, please contact the undersigned.

Sincerely,

  
Zia Khan, P.Eng.  
Project Manager
