

Application for Plumbing Permit

Plumbing permits are required to install, alter or repair a plumbing system including water, sanitary and storm systems in a building or on a property. Also includes new or replacement of a backflow prevention device or installation of an inground swimming pool.

Hot water tank, faucet replacement and similar work do not require a plumbing permit however, contact BC Safety authority regarding electrical and gas permit requirements.

For more information about development requirements, visit www.portcoquitlam.ca/building.

TO BE COMPLETED BY APPLICANT

I/We hereby make application and provide drawings under the provisions of the pertinent Bylaws for permission to construct, repair or alter the following building or structure and agree to comply with all requirements of the Bylaws and to indemnify and keep harmless the City against all claims, liabilities, judgments, costs, and expenses of whatever kind, which may in any way accrue against the said City in consequence of, and incidental to, the granting of this Permit, if issued.
